

## MOTORHOMES: Flexibility, Fun and Great Value

Why not consider a motorhome for your next holiday ? They come in various sizes from the 'Pop Top' to the luxurious 6 berth with TV and satellite navigation ! How motorhomes have changed! On the right is a photo taken at the first motorhome rally in 1960. Over 150 motorhomes participated. This was an initiative started by Tony Wilson, our MD. Motorhomes are easy to drive, offer excellent visibility and most are diesel powered for greater fuel economy. As they are self contained you just load your personal items into the spacious cupboards at the start of your trip and you're off. No need to haul suitcases in and out of the car and no searching for a hotel. You are now free to explore villages, beaches or mountains. There is nothing more pleasant than sitting next to a creek or river, listening to the gurgling water watching the birds and clouds drift by, possibly enjoying a good book and a glass of wine.

With full catering facilities on board you can really get into experiencing life the 'local way' by popping into the supermarket or open market and picking up fresh and inviting regional food and wine. Preparing meals will be fun and you do not have to hunt for a restaurant or pay hotel prices.

Motorhomes are available from most capital cities or major tourist destinations. One way rentals are often available in Australia, New Zealand, The USA, Canada and South Africa. In the UK and most European countries people normally do a circle tour as the mileage's are often smaller there.
